Vicki Hewitt Obituary

Vicki Lynn (Sontag) Hewitt was born June 14, 1953 in Stillwater, OK to Paul Dee Sontag and Betty (Johnson) Sontag. Vicki's dad, Paul, served in the Army Corp of Engineers which required family to move quite a bit. Vicki spent half of her childhood in the U.S and the other half overseas. As a young child, she liked ballet and listening to music. The Sontag family was living in Mobile, AL where Vicki graduated from high school. Upon graduation, she moved to Miami, FL. She eventually moved to Tulsa where she welcomed the birth of daughter, Michelle. She later moved to Fairfax, VA and welcomed the birth of daughter, Amanda. There, she found employment with U.S. Environmental Protection Agency under the Carter Administration. Her daughters remember their mom being a goofball and funny. They would have dance parties, radio competitions, and sing in the car. She was known as the "cool mom" and supported all activities. Wanting to be closer to family, Vicki, along with her daughters, moved to Wichita Falls, TX. She found employment with the American Red Cross as a phlebotomist and coordinator. She also worked as an EMT and volunteered on the fire department. Wanting to be a blessing to others, Vicki volunteered as a host for those stationed at the Air Force base. It was Thanksgiving 1992 time when she hosted a dinner that a young man, Billy Hewitt, along with friends attended. The two quickly took a liking to one another which started his weekend visits. Vicki retired from American Red Cross after 11 years. The couple moved to Klamath Falls, OR where Billy was stationed and were married on July 24, 1993 in Marquam, OR. Vicki and Billy enjoyed attending concerts and going to the coast. In 2006 Vicki retired from UNICELL. They moved from Oregon to Sand Springs, OK where they made their home. Vicki grew the family with chosen daughter Jenny in Tulsa. Vicki enjoyed reading mystery books, sewing, crocheting and crafting. She loved being an Oma to her grandchildren and was the glue that

Vicki was my very good friend when we both worked at the Environmental Protection Agency in Washington DC in the late 70s. I am her daughter Amanda's godmother. Vicki was truly an angel. How she was the glue that held that huge, diverse family together is a wonderful testimony of how she followed God's way. I witnessed those qualities in her throughout our years of close friendship, up until the time she moved from OR to OK. Then I heard all the stories from Amanda! I wish I'd been able to visit during her "Oma" years (I had to look up that term!) You all were truly blessed to have Vicki in your daily lives. Now she is an angel in heaven watching out for all of us - and remember, she'll be there as a witness when we pass through the pearly gates - her disciplined eye will tell all!
