Bryan was born in Springfield, Illinois December 29, 1967. He relocated several times throughout his childhood throughout various parts of the country.

Always a hard worker, Bryan worked a variety of places until he settled on his chosen profession in the field of I.T. and recently excelled in networking. He was highly esteemed by many of his colleagues in the U.S. and Abroad for his strong work ethic, intelligence, humor and friendship. He was known to say "all my stuff works" and it always did. He was most recently employed by the Tulsa International Airport as a network engineer and administrator.

Bryan started playing basketball when he was a 5th grader and excelled in the sport throughout high school. He played in several church teams as he got older.

He graduated from Broken Arrow High School with the Class of 1986. Always a whiz with technology, Bryan studied Electrical Engineering at Oklahoma State University.

On Fathers Day Weekend 2021, Bryan spent precious time with me at our home in the Arbuckle Mountains. Little did I know that this was the last time I would see Bryan alive. What happened was unthinkable and tragic. Bryan cooked all the meals and treated me like a king. He talked about Oklahoma State University athletics, specifically football & basketball, which was Bryan's passion! Bryan, I love you and you will be forever in my heart! Love, Dad
